

Business Membership Form

Thank you for your support of Friends of New River Gorge National River. We are a 501(c)(3) non-profit organization partnering with the National Park Service to preserve, restore and enhance the natural and cultural heritage of lands, waters, and facilities in the New, Bluestone, and Gauley watersheds. We provide a vital link between private citizens and the government agency tasked with protecting and making accessible these precious wild and wonderful areas of West Virginia.

“Business Members” receive five 4-inch logo stickers (as seen above), a framed certificate to display at your business, a listing on our website friendsofnewriver.org and on promotional materials listing any discounts offered at your establishment to our individual members. We promote you and you promote us to support a healthy park, economy and local communities. Businesses can support us through an annual membership fee and/or offering discounts to our card-carrying members on your products and services. Where appropriate, you could also offer to display our materials, sell our products, and/or host an event. Please pick the support options that work best for you.
